

Partner to Build a Better Community and Brighter Futures

AR Kids Read's vision is that EVERY child in Arkansas will read on grade level by the end of 3rd grade. **AR Kids Read Partners are vital** to our volunteer-based model. They:

- Invest \$1,500 or more annually and/or provide a minimum of five tutors to AR Kids Read (AKR). Their annual financial investment provides support for their designated partner school(s) including training, resources (tutoring books and supplies), and data collection/evaluation for at least five to 10 tutors serving 10 to 20 elementary students (each receiving free books for their home libraries).
- Designate a Partner Contact within their organization. The Partner Contact:
 - Serves as a liaison between the organization and AKR.
 - Works with AKR to launch an effective internal tutor recruitment campaign. AKR will provide marketing materials to assist with this effort.

AKR Partner Tutors provide additional support to elementary students reading below grade level. The AKR program's foundation lies in the importance of the relationship between tutor and student. The tutor helps students improve skills within the five pillars of reading and works one-on-one with two readers for one hour per week (two children for 30 minutes each).

We truly value our partners. They receive quarterly digital digests with updates regarding AKR. We spotlight our partners via social media, our website, and/or email communication and strive to regularly show our appreciation for their support.
