

AR Kids Read High School Student Recommendation Form

AR Kids Read is a literacy nonprofit that recruits, trains, and mobilizes volunteers to serve as reading tutors for first, second, and third graders. AR Kids Read tutors work one-on-one with elementary students to practice foundational literacy skills and nurture a love for reading. High school students who are at least 16 years of age can serve as reading tutors, but they need a recommendation form on file to complete their application. Please fill out the following form to recommend this student as an AR Kids Read tutor.
